

SCOFIELD® **Formula One**™

LIQUID DYE CONCENTRATE

Jewel-like Color for Ground and Polished Concrete Floors

www.scofield.com

For professional use only.

The color effects produced may differ significantly from that shown on the color chart. A representative test section should be prepared for each individual concrete surface prior to general application. Note that application of coatings may darken the appearance of dyed concrete.

Read Scofield Tech-Data Bulletin A-434 SCOFIELD Formula One Liquid Dye Concentrate for more information. Contact your Scofield Sales representative for consultation.
